The inspiration for this idea:

I think this storyline is the first of movie [“Holder” \(The town of Demon’ fangs\)](#), which I wrote it 2 years ago. After watching the film “The Hobbit: The Unexpected Journey” ends, and then surprised at why the creator generate and produced after the first episode I, The Lord of the Ring. And after watching The Omen (2006) ends. Cause I was a new idea created the first episode of movie myths stories about God and Demon in Eastern which it rarely receives the attention, or that once don't write or think? So, I thought I would create a new legend by ASEAN.
